Trustpilot

Custom Heat & Cool always provide an excellent service

From the biggest to the smallest jobs. Recently received a really prompt response to our leaking pipe problem. Polite, knowledgeable, caring and friendly staff, especially the engineers.

SM Brooks

**“Always professional.
On time with good communication.”**

Mrs. R Kenshole

Comfort you can count on

Our policies are for all types of boilers and systems including:

- **Gas boilers & LPG boilers**
- **Oil boilers**
- **Household electrics**
- **Air conditioning**
- **Air source heat pumps**

To start your Care Plan visit customheat.co.uk/care-plans

1. Complete our quick and easy online form to select the Care Plan you require.
2. After you request your Care Plan, one of our experienced engineers will inspect and service your system. If it isn't suitable for the plan you've selected, we'll offer the service only plan as a minimum, or a one off fee depending on your system.
3. Upon confirmation of your Care Plan, cover will start immediately to give you total peace of mind.

Alternatively, call us on **0330 383 0000** and press option 1 to speak to one of our team about our Care Plans.

What's not included in my Care Plan?

Whilst we offer you comprehensive cover, there are a few things to note before taking out your plan with us.

For detailed information on the scope and terms of our Care Plans, please see our separate Terms and Conditions brochure.

- Adjustment to time and temperature controls.
- Call-outs during the evening, weekends and bank holidays.
- The whole flue system.
- Oil tanks, oil lines and components on the oil line.
- Electrical elements in radiators.
- The gas supply pipe and the size of the pipe.
- A replacement boiler if the existing boiler is beyond economical repair.
- Replacing or topping up your system inhibitor unless we've removed it.
- Plumbing work that connects to hot, cold or waste water pipes (for plans that exclude plumbing).
- Plumbing items such as showers and taps.
- Resetting your controls or replacing the batteries.
- Any parts that are designed specifically for underfloor heating.
- Supply of curved or designer radiators.
- Costs arising from the failure of the appliance or a component under the cover, including damage caused by water leaks.
- The replacement of decorative parts.
- Any defect or inadequacy attributable to the original design of the gas central heating system/appliances.
- The fabric of the building or pipework and flue pipework buried in it.
- Any defect caused through malicious or wilful action, negligence or third-party interference.
- Any defect or damage occasioned by fire, lightning, explosion, flood, storm, tempest, frost, impact, ingress or other extraneous cause.
- Consequential damage or loss arising as a result of a defect occurring in the central heating appliance, system or the appliances unless such a defect damage or loss is attributable to the negligence of Custom Heat & Cool.
- Any defect or damage occurring from a failure of the gas, oil, electricity or water supply.
- Descaling and any work arising from hard water scale deposits or from damage caused by aggressive water or an ingress of silt/debris from the water supply main e.g. boiler noises, debris, blockage.
- Damage caused by internal corrosion.
- The routine refill /top-up of sealed systems.
- Damage to components caused by central heating system debris or by poor quality heating water or lack of system inhibitors. Additional system inhibitor chemicals are charged at extra cost.
- Repair bills exceeding £500.
